**Madico participation at Intersolar Europe**  
*A forum for Announcements*

**Woburn May 31, 2012, MA** –Madico Inc., Manufacturer of photovoltaic backsheets for the Solar Power industry, announces today its participation and exhibition plans at the Intersolar Europe show, taking place in Munich, Germany on June 13-15.

The company is planning to make several announcements at the show.

Vice president of Madico's Specialty Films Division, Frank Mannarino, states, "Intersolar Europe is a highly visible well attended event uniting industry leaders across the globe; we have chosen to use this event as forum to communicate news regarding Madico advancements." Mannarino further explains that their booth in hall A6. 630 will provide attendees with detailed information on new announcements and invites them to stop by for details.

As a premier manufacturer of coated and laminated PV backsheets, Madico is an award winning material supplier and 20+ year technology leader in PV, with many industry first innovations.

Madico, along with its parent company Lintec, is committed to manufacturing excellence and to producing high quality, high performing PV Backsheets. The company believes in solar power, sustainability and lean practices; it is this belief that drives the company's growth and contribution to technical advancements. Mannarino states, "To Madico, manufacturing backsheets is beyond being able to laminate multi-layered films. It is a commitment to sustainability and safety, providing module manufacturers with a backsheet designed specifically to meet and exceed 25 years in the field."

**About Madico Inc.**

Madico Inc. has been developing innovative materials for more than a century. An unrivaled commitment to research and development has enabled the company to pioneer a number of industry-first products and processes for emerging safety and energy markets. The company's award winning Specialty Film products have been proven to increase reliability and energy generation in the growing renewable energy sectors. Madico's corporate headquarters and one of its manufacturing centers are located in Woburn, Massachusetts.
